Chapter One

Early childhood

Born on the 14th of November, 2007, I was always a curious and free spirited child. I had a very normal and fortunate childhood, for which I am extremely grateful.

I feel tremendously blessed knowing I have two loving, hard-working and wonderful people I get to call my parents. My other half and partner in crime is my brother, Ștefan. The three of them make up my entire world.

Ever since I have known myself, I knew I loved going to school. I was, and still am, a very studious and ambitious student, who strives for perfection in all fields. My favorite subjects were Mathematics and English, for which I participated in many local and national competitions.

Ioana Cozma
Prologue Chapter One Chapter Two Chapter Three Epilogue

Since I was seven years old, I have been doing competitive swimming. It has significantly shaped the way I am today, and it has taught me how to live with purpose, amongst strength, patience, hard work and resilience.

I graduated from Școala Gimnazială "Mihai Drăgan" Bacău with a score of 9,99 for classes V-VIII.

I obtained a 9,90 score at the Evaluarea Națională in 2022 and got admitted to Colegiul Național "Gheorghe Vrănceanu", which I still attend now.

Teenage dream

I am currently at the end of my childhood, and try to make the most of it. I am in the eleventh grade, with one year of highschool left, and I can not help but wish I could stop time from passing. A part of me will always hold on to the memories I have made during this special chapter of my life, and wish I could be a child forever.

My family and close friends are truly the most

Ioana Cosma
Prologue Chapter One Chapter Two Chapter Three Epilogue

My family and close friends are truly the most precious things in my life. I would not know what to do without their support, and they make tough times more bearable 💜

Volunteering

My most fulfulling activity in my leisure time is doing charity work and volunteering for the children in need of education. I have been a volunteer at the Fundația de Sprijin Comunitar Bacău for almost two years now.

Ioana Cozma Prologue Chapter One Chapter Two Chapter Three Epilogue

Every Thursday I go to the FSC Mozaic Centre with a smile plastered on my face to help children who come from disadvantaged backgrounds. My heart is filled up with joy whenever I get to help, even if just a tiny bit, to make their life easier.

ADS ON

Each Friday at 7 PM, I go to Oratoriul Salezian Don Bosco to participate in ADS ON (Amicii Dominic Savio - Orizonturi Noi). It focuses on the personal development of teenagers and raises awareness of the struggles that come with growing up. It's a safe place for me where I get to socialise with people and relax from a tough week, while also learning how to balance and create harmony in my life.

Reading

Books have been a way for me to broaden my horizons and cultivate my creativity since I was a child. I am part of the INKspire BookClub by Don Bosco, where I get to share my passions and interests with other teenagers.

Arts

Prologue Chapter One Chapter Two Chapter Three Epilogue

Arts

I love expressing myself through different types of art, such as painting, drawing, and make-up/ face painting. I am also fond of the aesthetically pleasing parts of the world, such as various architectures and expressive sculptures.

Swimming

Although I do not practice it as much, swimming will always have a special place in my heart, and it will forever be a passion of mine. It has many benefits, such as improving cardiovascular health, reducing stress and anxiety, improving sleep quality, and building strength and flexibility.

Handicraft

I enjoy handmaking gifts for my friends and creating things by myself. My longest and most treasured project is a dress I did for an event, for which I spent a month gluing all the rhinestones by myself.

Future and aspirations

Although sometimes I stress over it, I am certain my future is shining bright, because I believe in myself. I know that, once I set my mind to something, I will give it

Ioana Cozma
Prologue Chapter One Chapter Two Chapter Three Epilogue

Although sometimes I stress over it, I am certain my future is shining bright, because I believe in myself. I know that, once I set my mind to something, I will give it everything I got. And even if life does not always go the way we want it to, it will be alright. Because, if you never bleed, you're never gonna grow and every thing you loose is a step you take.

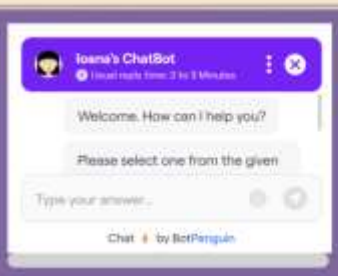

After finishing high school, I intend to get admitted to Politehnica University of Bucharest, where I want to attend the Faculty of Automatic Control and Computers. Then, I wish to get a Master's degree and pursue a career in computer engineering.

In the distant future, I dream of settling down in a big city with my family, getting to travel and explore the world and being able to provide for my loved ones 💖

SPANIA INVESTEȘTE MASIV ÎN FERME SOLARE, AVÂND UNELE DINTRE CELE MAI MARI CAPACITĂȚI DE ENERGIE SOLARĂ DIN LUME.

ENERGIA HIDROELECTRICA
Energia hidroelectrică folosește fluxul de apă pentru a genera electricitate, de obicei prin intermediul barajelor. Energia hidroelectrică este una dintre cele mai stabile surse, oferind o aprovizionare constantă cu electricitate și sprijinind gestionarea resurselor de apă.

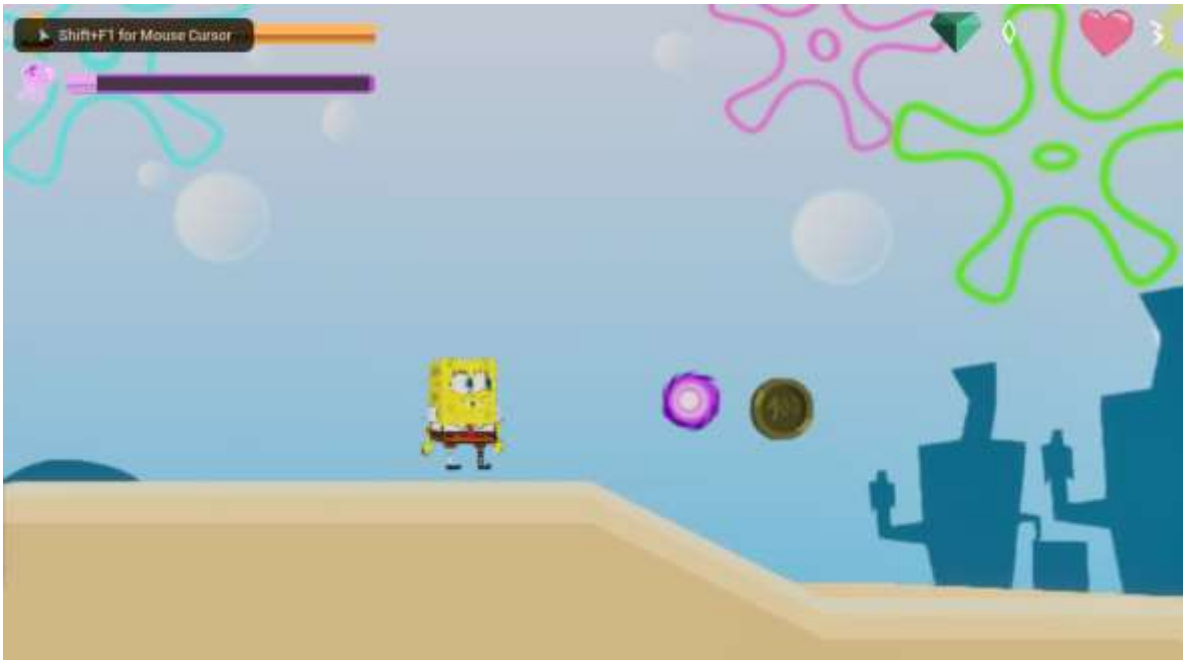

EXEMPLE DE PRACTICI ÎN UTILIZAREA RESURSELOR REGENERABILE ÎN EUROPA
1. Danemarca – produce peste 50% din energia sa din surse eoliene
2. Suedia - reciclează și transformă în energie aproape 99% din deșeurile sale, folosind incinerarea pentru producerea de căldură și electricitate.
3. Portugalia – În 2018, Portugalia a reușit să funcționeze timp de patru zile exclusiv pe energie regenerabilă, datorită hidrocentralei și energiei eoliene.
4. Franța – a adoptat legi pentru reducerea deșeurilor, inclusiv interzicerea distrugerii hainelor nevândute și limitarea utilizării plasticului de unică folosință.
