"Fii o voce, nu un ecou"

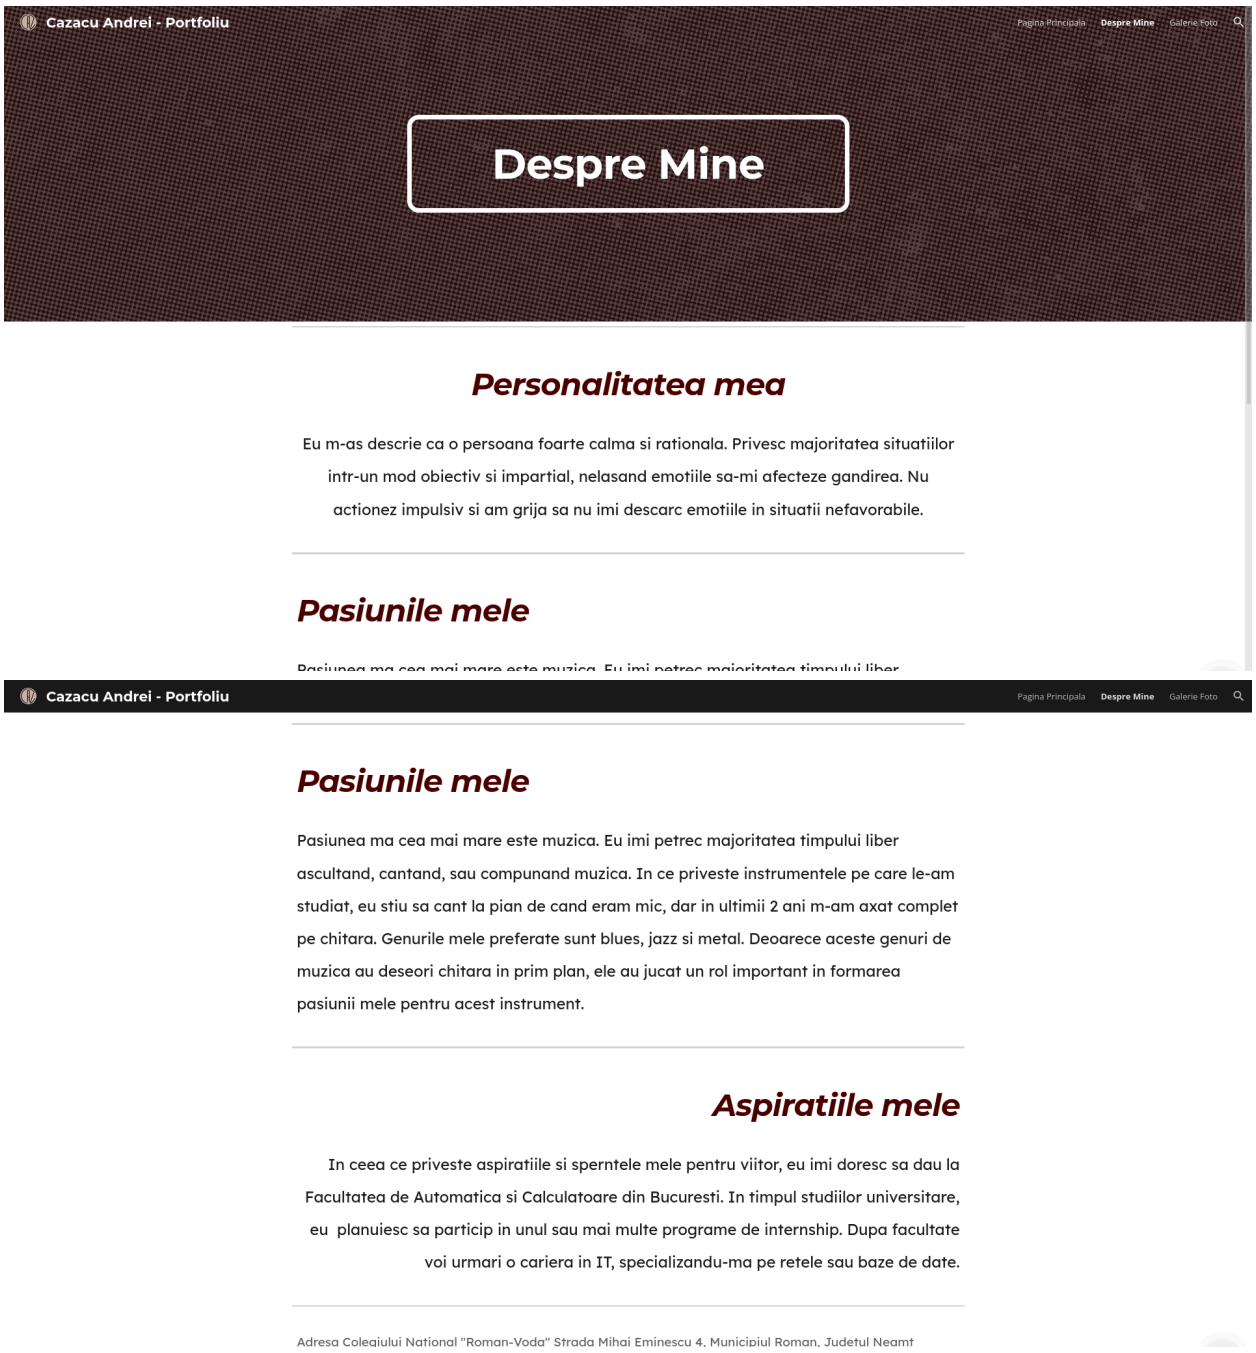

Eu consider ca acesta este un motto care ma reprezinta foarte bine. Abilitatea de a lua initiativa si de a-ti sustine propriile puncte de vedere este extrem de importanta in viata.

Desigur, majoritatea situatiilor pe care le intampini in viata nu necesita implicare totala, dar in cazurile exceptionale trebuie sa stii ce si cum sa faci, chiar daca nu ai pe cineva care te poate indruma

Ce ma motiveaza sa particip in acest proiect

Eu imi doresc sa particip in mobilitate din numeroase motive, dar cel mai important este faptul ca voi fi scos din zona de confort si voi fi nevoit sa experimentez stiluri noi de viata.

Un alt motiv ar fi oportunitatea de a vedea cum se lucreaza la diverse companii de IT, lucru care ma va ajuta cu alesul unui loc de munca in viitor.

RECONQUISTA

Reconquista (Recucerirea) este denumirea procesului istoric prin care creștinii din Peninsula Iberică au recucerit teritoriile ocupate de musulmani, începând din secolul al VIII-lea până în secolul al XV-lea.

Aceasta a început după ce armatele musulmane, venite din Africa de Nord, au învins Regatul Vizigot și au ocupat aproape întreaga peninsulă într-un timp foarte scurt. Cu toate acestea, în regiunile muntoase din nord a persistat rezistența creștină. S-au format mai multe regate independente și au început lupta de lungă durată pentru recucerirea teritoriilor pierdute.

Reconquista a evoluat în mai multe etape distincte de-a lungul a aproape opt secole. În prima fază, între secolele al VIII-lea și al X-lea, populațiile creștine din nordul Peninsulei Iberice au început să reziste dominației musulmane, formând mici regate precum Asturia, Leon, Navarra și Aragon. Un moment simbolic al acestei perioade a fost bătălia de la Covadonga, în jurul anului 722, considerată primul succes al creștinilor împotriva maurilor. În a doua etapă, desfășurată între secolele al XI-lea și al XIII-lea, regatele creștine au trecut la ofensivă și au recucerit orașe importante precum Toledo, Valencia, Córdoba și Sevilla. O victorie decisivă a fost obținută în bătălia de la Las Navas de Tolosa, în 1212, care a slăbit considerabil puterea musulmană în peninsulă. Etapa finală a Reconquistei a avut loc între 1482 și 1492, când Regii Catolici, Isabela de Castilia și Ferdinand de Aragon, au purtat un război de zece ani împotriva Emiratului de Granada. Acesta a fost cucerit în 1492, marcând sfârșitul dominației musulmane în Peninsula Iberică și încheierea Reconquistei.

TRADIȚII

Corida

Corida este o tradiție controversată care presupune lupta cu tauri în arene speciale. Matadorul, îmbrăcat în costum tradițional, înfruntă taurul în fața publicului. Deși este criticată de mulți pentru cruzimea față de animale, rămâne o tradiție istorică în anumite părți ale Spaniei.

Siesta

Deși nu este o sărbătoare, siesta este o tradiție culturală spaniolă. Ea presupune o pauză în mijlocul zilei, de obicei după prânz, când magazinele și birourile se închid temporar, mai ales în zonele rurale sau în sudul țării. Această pauză este folosită pentru odihnă, mai ales din cauza căldurii intense din timpul zilei.

Târgul de Aprilie

Este o sărbătoare foarte colorată și animată, care are loc la două săptămâni după Paște, în orașul Sevilla. Timp de o săptămână, oamenii se îmbracă în costume tradiționale andaluze, dansează flamenco, mănâncă tapas, beau rebujito și participă la parade cu căruțe trase de cai.

Cursa taurilor

Are loc în luna iulie, în orașul Pamplona. Cea mai faimoasă parte a sărbătorii este encierro, care presupune alergarea prin oraș alături de tauri eliberați. Este o tradiție periculoasă, dar foarte populară, care atrage turiști din întreaga lume.

PERSONALITATI CELEBRE

Miguel de Cervantes

Miguel de Cervantes fost un romancier, poet și dramaturg spaniol, considerat simbolul literaturii spaniole și este cunoscut pentru scrierea celebrului roman „Don Quijote de La Mancha”, care este considerat primul roman modern din literatura europeana. Acesta s-a născut în Alcalá de Henares, în Spania, în 1547. El a fost soldat și a luptat în bătălia de la Lepanto din 1571, unde a fost rănit grav și și-a pierdut aproape capacitatea de a-și mișca brațul stâng. Deși acesta este foarte venerat în ziua de astăzi, unii oameni chiar acordându-i titlu de părinte a limbii spaniole, Miguel de Cervantes nu a fost foarte faimos sau bogat în timpul vieții sale.

Diego Velázquez

Diego Velázquez a fost un pictor spaniol renumit, născut în anul 1599 în Sevilla și considerat unul dintre cei mai mari artiști ai curentului baroc. A fost pictorul oficial al curții regelui Filip al IV-lea al Spaniei și a realizat numeroase portrete ale familiei regale, nobililor și oamenilor de la curte.

Cea mai cunoscută operă a sa este tabloul „Las Meninas”, considerat o capodoperă a artei universale. A călătorit și în Italia, unde a studiat arta renascentistă, influențând astfel stilul său. Diego Velázquez a murit în 1660 la Madrid, dar opera sa a influențat mulți pictori celebri, inclusiv pe Pablo Picasso și Salvador Dalí.

CONCLUZII

Spania are o cultură foarte diversă, influențată de istoria sa lungă și de diferitele regiuni, cum ar fi Catalonia sau Țara Bascilor.

Sărbătorile și festivalurile sunt o parte importantă a vieții culturale spaniole.

Spania are o bogată tradiție artistică, cu pictori celebri precum Diego Velázquez, Francisco Goya, Pablo Picasso și Salvador Dalí.

Spaniolii acordă mare importanță familiei, prieteniei și meselor în comun, iar viața socială este foarte activă.

Cultura spaniolă este cunoscută pentru bucuria de a trăi și pentru ritmul de viață relaxat, în special în sudul țării.
