Istoric

Stilul maur în Spania are originile în momentul în care peninsula Iberică a fost cucerită de arabi şi berberi şi a devenit cunoscută ca Al-Ándalus. Timp de secole culturile **islamică și creștină** s-au suprapus, coexistat şi influenţat reciproc. În acest context, s-a dezvoltat o artă şi arhitectură cu specific islamic, care folosea materiale, motive ornamentale, tehnici decorative (cesării, mozaicuri, arabescuri, caligrafie, geometrie) adaptate la clima, la resurse locale şi la stilurile preexistente romane, vizigote.

După reconquista, când regatele creştine au recucerit teritoriile musulmane, stilul islamic nu a dispărut complet; ci s-a adaptat: prin **arhitectura mudéjar,** de exemplu, musulmanii care rămăseseră în regatele creştine au continuat să lucreze, să construiască, să decoreze folosind motive islamice.

Arhitectură

Atunci când au proiectat clădirile importante, arhitecții maurii și-au propus să îmbine funcționalitatea cu frumusețea. Pereții și tavanele erau adesea împodobiți cu mozaicuri colorate, azulejos (plăci ceramice pictate, specifice arhitecturii maure), stuc sau sculpturi în lemn. Modelele erau geometrice sau vegetale, numite arabescuri, iar în încăperi importante se foloseau și inscripții caligrafice arabe.

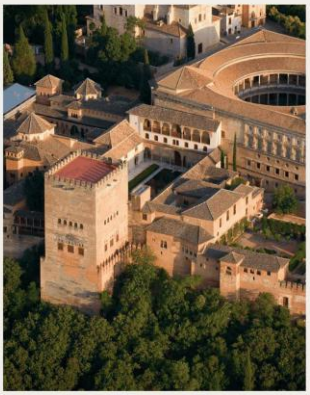

Arcurile erau fie în formă de potcoavă, fie lobate, iar coloanele subțiri susțineau bolțile și galeriile. Curțile interioare cu fântâni și grădini ofereau lumină naturală, răcoare și ventilare. Totul era gândit atât din punct de vedere utilitar, cât și decorativ, iar combinația de materiale și ornamente crea un efect vizual bogat și armonios, caracteristic stilului maur.

Tradiții - Las Falls

Las Fallas - un festival celebru din Valencia, care are loc în fiecare martie de ziua Sfântului Iosif. Comunitățile construiesc figurine gigantice din lemn și hârtie, adesea satirice sau artistice, care sunt expuse prin oraș și apoi ard într-un spectacol impresionant de foc și artificii.

Localnicii participă activ la pregătirea și decorarea figurinei, cunoscute sub numele de **ninots**, iar atmosfera este întreținută de parade, muzică, dansuri tradiționale și spectacole pirotehnice. În ultima seară, cunoscută sub numele de **La Cremà**, toate figurinele sunt arse într-un ritual spectaculos de foc, simbolizând renașterea și trecerea de la vechi la nou.

Tradiții - Flamenco

Flamenco este un dans și un stil muzical din **Andaluzia**, care îmbină mișcări pasionale, cântece încărcate de emoție și acompaniament la chitară. Fiecare gest, fiecare ritm transmite povești despre bucurie, dor sau suferință, făcând din flamenco mai mult decât artă.

Dansul este completat de costume tradiționale, cum sunt **rochiile lungi, cu volane și culori vii,** iar ritmul este subliniat adesea de **castaniete**. Flamenco se vede atât pe scene profesionale, cât și la sărbători locale sau întâlniri de familie, fiind un simbol viu al pasiunii și culturii spaniole.

Personalități - Salvador Dali

https://www.galeries-bartoux.com/wp-content/uploads/2016/06/DALI-2.jpg

Salvador Dalí s-a născut la 11 mai 1904 în Figueres, Spania. A fost un **pictor, sculptor, gravor, scenarist și scriitor spaniol**, originar din Catalonia, considerat unul dintre cei mai importanți artiști ai curentului suprarealist.

Dalí s-a făcut remarcat prin tehnica sa precisă, imaginația neobișnuită și lucrările pline de simboluri și vise. Personalitatea sa excentrică și aparițiile spectaculoase l-au transformat într-o figură emblematică a secolului XX, cunoscută nu doar pentru artă, ci și pentru felul în care a știut să atragă atenția publicului asupra propriei viziuni.
